HOPE FOR THE HOMELESS BAGS

At this year's SLR, we're coming together to make a difference through our Hope for the Homeless project. Participants will assemble care bags filled with essential items to support individuals in need within our communities. This hands-on service project is a meaningful way to show compassion, lend a helping hand, and spread hope, one bag at a time. Join us as we put leadership into action and make a positive impact across New Mexico!
